It has been a fantastic 2016 for us at Felix Risk Training Consultants, and we could not have had success without our valued clients and partners. The year has been filled with several success stories of employees earning valuable qualifications and skills, as you would have seen in our monthly newsletter.

One of our most recent graduations took place at Talksure Pty Ltd. The company partnered with Bankseta in its first cross sectoral learnership, which included skills development programmes on a monthly basis over a year. These monthly sessions were facilitated by subject matter experts from FRTC.

Talksure has fast become one of South Africa's most respected independent financial service providers and takes training and development of staff extremely seriously, as this has proven to enhance the business function. Congratulations to the learners for having completed your training!

As we wind up the year, we would like to thank you for the continued support and we wish you a blessed, safe and joyous festive season. See you in 2017!
