SHANDUKA AWARDS

Felix Risk Training Consultants is proud to have secured a top three finish at the 2016 Durban edition of the Shanduka Black Umbrellas Enterprise Development Awards.

The awards event, which took place in Durban in July, recognises the performances of businesses in the Shanduka Black Umbrellas enterprise and supplier development incubation programme.

Felix Risk Training Consultants owner, Bernadette Felix, said taking third place in the Best Performing Company category was a great honour, which validated the staff's efforts. *"Taking third position in this category is no small feat and one we are thrilled to have attained. This acknowledgment is one of our finest moments and will serve as a reminder that our work is making a significant impact in the industry,"* Felix said.

The Shanduka Black Umbrellas is a non-profit enterprise development incubation organisation which partners with the private sector, government as well as civil society in a bid to address the low levels of entrepreneurship and high failure rate of 100% black owned emerging businesses in South Africa.

Janet Wilson, managing director of Logico Creative Solutions and Felix's mentor, described the top three finish was a milestone moment for the company. *"What I see at Felix Risk Training Consultants is a company that is really genuine and excited about creating opportunities. They identified a gap and have been very committed to offering proven solutions to bridge this. They are not only assisting their clients by improving the quality of services but are opening doors to better career opportunities to these individuals."*
