## BIDVEST BANK STAFF SUCCESSFUL IN REGULATORY EXAMINATIONS AFTER FIRST TRAINING

The amended fit and proper requirements announced in 2008 have introduced the financial services industry to a new concept – “Regulatory Examinations”. These examinations contain stricter minimal formal qualifications in order to better serve clients’ needs across the financial services industry in South Africa.

The regulatory exams are developed and delivered under the direction and management of the Financial Services Board (FSB). To train and prepare its staff for the Regulatory Examinations, Bidvest Bank contracted the services of Felix Risk Training Consultants.

Training was held at the office of Bidvest Bank in Braamfontein, Johannesburg and the staff were booked for the examination within a month, according to Lisa Gallon, national learning and development manager at Bidvest Bank.

“Staff passed on their first attempt after attending the training and also studied the examination preparation material provided by Felix Risk Training Consultants,” she said. “More Bidvest Bank staff members will be trained again in April and May 2016, and we are expecting exceptional pass rates.”

Bidvest Bank, a subsidiary of Bidvest Group Limited, is a market leader in foreign exchange services for individuals, businesses and corporations. Bidvest Bank is a Level 2 B-BBEE contributor and is committed to transformation and the principles of B-BBEE.
